The Element Collection

Metallic neutrals and natural elements are merged in the new collection: **Element** by Objets d'Envy. Inspired by a rich palette of slate, amber, charcoal, bronze and caramel, the pieces offer a shimmery new twist on neutrals, giving them a brilliance that only Swarovski can deliver.

Dramatic oversized stones and dainty mini crystals are combined with rich bone, textured chains, luxe tassels and faceted elements. The look is an unusual intermix of modern layering, updated disco glam, and organic style.
